- C. The chairperson from the University's department of the dual-enrolled course will reach out to invite the High School on campus for a field trip event. This may be a department student event, department or laboratory tour, academic seminar, among other relevant activities. The High School has the option of attending if resources and time permit.

III. Recruitment, Admissions and Registration

The High School may intervene in cases of wrongful conduct, particularly when cases involve health and safety. Students found in violation of the student code of conduct may receive punishments from each institution. Both parties reserve the option to decide that only one institution will process a case of misconduct and will create a process for reporting to the other when the institution has undertaken student conduct actions.

- B. The High School is responsible for obtaining all necessary forms, including parental or guardian authorizations for participation, medical treatment, and dispensing medication, waivers of liability, and a list of any physical, mental, or medical conditions any High School student might have, including any allergies that could impact the student's participation in the program.
- C. The High School is responsible for establishing a procedure for the notification of the High School student's parent/legal guardian in case of emergency, including medical or behavioral problems, natural disasters, or other significant program disruptions.
