

## 2020-2021 Vital Statistical Report

### Introduction

New Jersey City University's Department of Counselor Education received CACREP accreditation in 2014. Currently, CACREP has conferred accreditation on two master's programs: School Counseling (SC) and Clinical Mental Health Counseling programs (CMHC). This vital statistical report is limited to only CACREP-accredited masters-level programs: SC and CMHC.

Data outcomes from the four areas of the counseling program are included in this report: (1) Student enrollment and demographics, (2) graduation and completion rate (3) job placement rate, and (4) licensure examination passing rate.

### Students Demographics and Enrollment

As of November 30, 2021, there are 99 students enrolled in the CMHC and 56 students are enrolled in the SC program.

Demographic information for students enrolled in the CACREP-accredited masters-level programs includes:

Table 1: CACREP Accredited Master's Students Demographics

<b>Total = 155</b>	<b>Male = 30</b>	<b>Females = 134</b>
<b>Students with disability</b>	Not reported	Not reported
<b>African Americans/ Black</b>	11	26
<b>American Indian/Native Alaskan</b>	00	01
<b>Asian American/Pacific Islanders</b>	01	08
<b>Caucasian/ White</b>	05	38
<b>Hispanic/ Latino/ Spanish Americans</b>	10	56
<b>Multiracial</b>	01	03
<b>Other/Undisclosed</b>	02	02
<b>Nonresident Alien</b>	00	00

From fall 2020 to spring 2021, the Department received 84 'completed applications' for the two master's level CACREP accredited programs.

## **Graduation and Completion Rate**

In the academic year 2020-2021, 21 students graduated from the Clinical Mental Health Counseling program and 25 students graduated from the School Counseling program.

CMHC students took an average of 3.5 years and SC students took an average of 3 years to graduate from the program.

## **Job Placement Rate and Licensure Examination Passing Rate**

Of those who responded to follow-up surveys, 100% who wished to be employed were employed within six months of graduation.

Eleven out of 21 recent graduate students are employed in a position directly related to their training at NJCU. Four graduate students are employed in a position somewhat (as a case-manager, counselor-aid) related to their training at NJCU. Another six graduate students are employed but not in a position related to their training at NJCU.

For spring 2021, sixteen Clinical Mental Health students sat for the National Counselor Examination (NCE). Out of sixteen, eight students (50%) passed the NCE.

For fall 2020, five Clinical Mental Health students sat for the National Counselor Examination (NCE). Out of five, three students (60%) passed the NCE.

For School Counseling students, there is no mandatory requirement to pass any licensing or certification tests.
