Senate Committee on Community Engaged Learning Report

The Committee met on Thursday January 27th to discuss institutionalizing Community Engaged Learning at NJCU. Navin Saiboo reported that CEL is now a drop-down menu item in PeopleSoft, which means that students can searching for CEL classes. Jennifer Musial is gathering a list of upcoming CEL classes so Navin can put them into PeopleSoft for students registering for Fall 2022-Spring 2023. Jennifer Fitzgerald passed along our list of requests to the third-party developer at CIM so that faculty proposing or amending courses can label them as CEL courses (more to follow on that).

The committee is continuing to modify an existing rubric that we can later use as an approval device for CEL courses down the line. We intend to complete that this semester.

Respectfully submitted by:

Jennifer Musial (Chair)
